Re: Duane Marine Salvage Corp. Facility
26 Washington Street, Perth Amboy, NJ

Dear Mr. Mugden:

In order to avoid the cumbersome procedure involved in a Freedom of Information Act request, I am asking that EPA supply copies of the documents in its possession relating to Consolidated Rail Corporation's alleged use of the above facility.

I would also like to arrange a meeting between Conrail and EPA personnel in order for us to examine other documents in EPA's possession which relate to this facility, especially those concerning the past and present owners and operators. In addition, if there are photographs of the site taken before, during, and/or after the fire in July, 1980, Conrail would like to examine them.

I look forward to hearing from you.

Sincerely,

Becky J. Bucari
